MUD AND 'BONES' REMMER, although not actually related, are details in the story about this mud-filled patio of the Alexander B. Morris home at 19 Overhill Road, where Morris is shown sadly viewing results of the recent rainstorm-propelled slides. The mud slid onto the Morris patio from the adjoining empty lot, which is owned by the Remmer family. The Remmer lot is at the top of a hill. Tax Woes, It Seems, Aren't Enough—Remmer Mud Slides to Neighbor's Yard

If you think Elmer F. (Bones) Remmer has been having troubles a-plenty in his income tax evasion trial at Carson City, Nev., just take a look at the mud in the patio of Alexander B. Morris at 19 Overhill Road.

Morris himself is getting a little tired of looking at the mud. He's been doing that, off and on, ever since January 21, when huge, copious gobs of it started sliding onto his property from the adjoining empty lot at the top of the hill.

That lot, according to Morris, is owned by the Bones Remmer family.

"THE MUD KEPT coming," Morris recounted. "It seems like there's been about 400 to 500 tons of it in the back yard."

Despite Remmer's reputation as a gambler, mud—when it comes in such quantities—isn't something one is likely to feel like gambling on, so Morris has retained Attorney Ernest Spiegl and the San Francisco soil engineering firm of Dames and Moore to investigate the problem, determine the cause and, if possible, come up with a solution.

MORRIS SAID that despite the ponderous onslaught of mud, his retaining walls and garage have held up O.K. And none of the mud has oozed into the house.

"But it's been a considerable expense," he observed. "And the yard is still full of mud."

Orinda Heart Drive for $400 Now Under Way

In connection with the month-long February fund appeal of the Contra Costa Heart Association, American Heart Week begins Sunday, continuing through February 16. Maynard Buehler and John Stoffel head the Orinda drive for $400, and checks should be sent in care of Stoffel, 20 Moraga Highway, Orinda.

Seventy per cent of the Contra Costa Heart Association's $15,000 Heart Fund will be used in the county where last year 799 persons were destroyed by heart disease.

The fund supports the national research program to find a partial solution to the Number 1 health problem of the country.

Nursery School On Moraga Side? Wednesday Tells

Mothers from the Moraga side of Orinda — do you want a nursery school on your side?

If so, come to the February 13 meeting of the Orinda Nursery School Association Wednesday night and let it be known. This meeting will be held in the Nursery School building at Orinda Community Church at 8 o'clock.

For some time the Nursery School Association has felt there is a need for another nursery school on the Moraga side. If there is a demand for such a plan, the Orinda Nursery School Association is in a position to go ahead.

However, if there is no demand, the whole project will be dropped.

Orindan Escapes Serious Injury

Mrs. Fred S. Evans, 50, of 11 Meadow Park Court, Orinda, jumped out of her flaming car just in time to escape death Tuesday afternoon.

But the car was completely wrecked, as was another auto, which had bumped into it; Mrs. Evans and the two men in the other car were injured, and the Corral Restaurant at 3922 Mt. Diablo Boulevard was charred on the outside and was a shambles of shattered equipment inside.

That was the toll of a spectacular crash about 3:15 p. m. Tuesday on the highway at Sunnybrook Drive.

MRS. EVANS and the two men were taken to Permanente Hospital in Oakland by the Walnut Creek Ambulance Service. All were released that day after treatment.

Mrs. Evons suffered a lacerated ankle, according to the hospital. William Lucas, 82, of Oakland, driver of the other car, had lip lacerations and chest injuries, while his son, Frank Lucas, 59, had lacerations of the face, knee and thigh.

According to the California Highway Patrol, both cars were traveling west. Mrs. Evans had slowed down for a school bus, when the Lucas car smashed into its rear. Mrs. Evans' car, bursting into flames, was hurtled against the wall of the Corral, while the other auto careened across the boulevard and landed in a roadbank.

THE CORRAL became ablaze. Prompt arrival of two Lafayette Fire Department trucks halted the fire before more than the outer walls were charred. Fire Chief Shirley Peakes estimated this fire damage at about $50.

However, the burning car crashed through the planks, with the result that natural gas line and a water line to the grill were broken, a broiler, a steam table and a refrigerator unit were smashed, and broken glass and dishes were strewn about. Owner Harold Bloom estimated this damage at around $1500.

'Hard Times' Dance

Orinda Country Club members will don their oldest clothes for a "hard times" dance to be held at the club tomorrow night.

Here's Where Orindans Register; Make Sure You're Able to Vote!

Want to know where to register? It's quite important to know, especially in this election year of 1952, because you can't vote unless you're registered.

You can register at the Election Department of the County Clerk's office at the Hall of Records in Martinez, or with any of the following deputy registrars here:

Mr. and Mrs. Warren Harrold (Harrold's Realty), 109 Orinda Highway; John Wylie Loop (Loop, Wilson and Jewell Realty), the Crossroads; Mrs. Helen W. Drews, 166 Canon Drive; Ernest T. Rahmeyer, 49 La Cuesta Road.

You must register — (1) if you have moved; (2) if you have just turned 21; (3) if you failed to vote in both the primary or general election of 1950; (4) if you wish to change your political party affiliation.

Registration deadlines are:

For the May 16 school trusttes' election — March 23 (March 21 at the Election Department of the County Clerk's office).

For the June 3 primary election — April 10.

For the November 4 general election — September 11.

To qualify as a voter, you must, as of election day, have lived in California one year, in the county 90 days and in the precinct 54 days.

Big or Small — Those Slides Were Headaches

Small slides took toll of Orinda roads in recent heavy rains, along with large slides. Estimates are that it will cost one and a half million dollars for repairs to county roads throughout Contra Costa County.

Two slides on La Encinal, bringing down large oak trees, blocked the road most of a day. Alta Vista was blocked for two days while heavy equipment worked to clear the road of a number of slides.

Los Conejos was partially blocked when earth rolled down into the road from the front lawn of a house at the head of the street.

Two foot culverts on Las Casadas and El Rincon became blocked overnight by several feet of silt that cascaded down the middle of the road, causing damage.

On La Cintilla a blocked culvert was responsible for eight inches of mud in an adjacent private swimming pool.

County road crews have been repairing a section of Camino Sobrante near the Country Club exit, which was blocked for a number of days when reinforcing piles of earth supporting the road bank gave way.

Andy Blalock, general manager of Hacienda Homes, Inc., comprising four subdivisions on the Country Club side, has had a crew and heavy equipment working to keep a number of non-county roads open to traffic.

Work Under Way On Moraga Via

Work on improvement of Moraga Via in the Glorietta section is under way, according to Supervisor Jack Cummings.

The work, undertaken by a contractor, is with the view of bringing the road into condition so that the county can accept it as a county road, Cummings explained.

"If the road meets county requirements, it will be accepted," Cummings said.

The problem of Moraga Via was raised several months ago at a Civic Affairs Committee meeting by George L. Coirtney of 25 Woodcrest Drive, who called attention to a bond posted in 1937 by the Moraga Company to guarantee improvement of roads in the vicinity.

Subsequent investigation by the county disclosed that the bond was intact. A request to the Moraga Company that work be done on Moraga Via followed.

'Meet the Press' Night Promises Fun, February 19

A hilarious presentation of newspaper problems to Mr. and Mrs. Orinda is promised at the "Meet the Press" night sponsored by the Orinda Mothers Club on Tuesday, February 19, at 8 o'clock at the Orinda School auditorium.

With Ken Morrish acting as master of ceremonies, there will be no dull lapses into deadline headaches or circulation woes by the panel of four newspapermen whom Orindans will meet that night. The experts will come out from behind their ink-stained desks to tell of their own personal questions as they gather the local news.

Herman Silverman, editor and publisher of the Orinda Sun, will present his problem, "Why, when a cat has 14 kittens, is it important to a weekly newspaper?"

LES SIPES, Oakland Tribune reporter and photographer for Central Contra Costa County, puts his question, "How does a one-man gang operate in central Contra Costa County?"

Then for sports fans, Ray Haywood, sports writer for the Tribune, will try to answer a question that has long plagued his readers, "Do sports writers ever pay their way anywhere?"

FINAL EXPERT in the four-man panel is John R. "Casey" Ward, columnist and managing editor of the Berkeley Gazette. His subject for the night will be "Are ulcers necessary to the success of a newspaper columnist?"

The public is invited to attend this informal presentation of rival newsgatherers as they let Orindans in on their own pet peeves.

This is one night when Orinda Mothers Club is not trying to make money for the schools or itself—admission is free. Just come and enjoy yourself.

President Ramsay Underwood presided over the meeting.

A report was made on the Chamber of Commerce business directory, which is expected to be out soon.

Orindans Elect School District Trustees May 16

Orinda voters' first grappling with 1952's series of elections will occur on Friday, May 16, when they will elect two members of the Orinda School Board and two members of the Acalanes High School District Board, all for three-year terms.

Terms of Anthony Cianciarulo and Catherine Schwarck as Orinda District trustees expire June 30. Terms of Acalanes District Trustees Carl Newbury and William B. Freeman expire on the same date.

Make sure you're a registered voter for the May 16 election! Last day for registration is March 23.

Chamber Sets Up Waste Containers

Seven waste containers—aimed at keeping streets clean—were being set up this week by the Orinda Chamber of Commerce.

Five of the converted oil drums are scheduled to be placed at the Crossroads, two in the village. Bill Worden and Ramsey Underwood are in charge of the project.

Came the Rains—And School Bus Goes to Hilltop

It's an ill rainstorm that blows no good.

That's probably what the 12 or 14 school children living near the upper level of Crest View Drive in Moraga Woodlands think—and their parents, too—now that the Glorietta School bus goes all the way to the top of the hill.

Until recently the bus went only as far as Crest View Court, and then turned back. But heavy rains made this difficult, so the bus has been proceeding to the hilltop, for another half-mile or so, before turning around.

Monday night the Orinda School Board authorized the bus to continue this through-service for the remainder of the school year.

The matter will come up again for review in July, when the board charts bus schedules for the 1952-53 year.

The board took this action, according to Superintedent Joseph L. Sheaff, because it was concerned as to the safety of turning around at Crest View Court.

Bus Shelter Drive Still Short $90.05 For Improvements

The campaign to raise funds for a bus shelter at the Crossroads is still short $90.50.

Contributions are still coming in, Bill Worden, chairman of the Chamber of Commerce bus shelter committee, reported.

The fund goal will take care of building expense, but won't include maintenance costs like rent and electricity, Worden said.

Contributions this week included $33.50 from the Orinda Rotary Club and $25 from Galen Darr of the Moraga Valley Nursery.

And yesterday morning, the Orinda Garden Club unanimously voted to donate funds and services to plan and plant the area around the shelter.

Mrs. Woodburn K. Lamb was put in charge of a committee for the project. The club decided on native hardy plants in containers which can be moved if another shelter is built.

Mrs. Lamb said planting would take place in about a month.

Power lines are now in the shelter. Pacific Gas and Electric Company men helped in putting in the least expensive installation.

Oak Springs Meet To Discuss Roads

Regular meeting of the Oak Springs Home Association will be held 8 p.m. Monday at the club house on Spring Road.

H. L. (Jack) Cummings, chairman of the County Board of Supervisors, has accepted an invitation to address the meeting and to discuss road problems.

Much exploratory work is being done to determine the best method of financing and inaugurating a road improvement program. In correlation with the road improvement program, a thorough study of the drainage problem of the area will be undertaken.

Rotary Will Get 'Bean Feed' from Scout Troop 200

Robert L. Whiteside, director of the San Francisco Personology Foundation, spoke on personality at the Orinda Rotary Club luncheon meeting Wednesday at the Willows.

Boy Scout Troop 200 will put on a "bean feed" for their sponsors, the Rotary Club, February 20 at 6:30 p.m. at the Scout Hut. Bob Nordquist, neighborhood scout commissioner, is in charge of arrangements.

Rotarians will attend the feed in lieu of their regular meeting on that day, and will hold only a "round-table" at noon at the Willows.

Fire Board May Hold Meet Soon

Fire Commissioner Gilbert Earle said yesterday that he thought a meeting of the Orinda Fire Board may be held before the regularly scheduled monthly meeting of February 28.

Whether an earlier session is held depends on whether there are new developments in the quest for a suitable Sleepy Hollow site for a third fire station, he said. Lack of developments caused postponement of the scheduled January 24 meeting.

"I talked with Board President Warren Harrold over the weekend," Earle said, "and he said there was nothing new in the situation. However, I don't doubt but what there may be a meeting before the next regular meeting date.

School Board Buys Sleepy Hollow Site

Agreement was reached Monday night by the Orinda Union School District Board on terms for purchase of the site for a Sleepy Hollow grammar school.

Meeting at Orinda School, the board signed an agreement, previously signed by the East Bay Municipal Utility District, for purchase from E.B.M.U.D. of 15.66 acres at the west end of Washington Lane on the following basis:

1.—The school district to buy 11.38 acres now for $16,257.13.

2.—The school district to take an option on the remaining 4.28 acres, to be bought later—probably next year—for $6,114.28.

Superintendent of Schools Joseph L. Sheaff later explained that originally 14 acres were contemplated for the site, at a price of $20,000, or $1,427.77 per acre. It was on this per-acre basis that the price for the 15.66 acres, totaling $22,371.41, was reached.

THE 15.66-ACRE size was determined by surveys and property studies which have been under way for some time and which have included the problem of location of a road.

"The matter is going through the title company now," Sheaff said. "It will probably be a couple of weeks before the way is cleared for our actual payment of money."

INITIAL CONSTRUCTION of the new plant will include six classrooms, a kindergarten and administration space. It is hoped to have this unit ready by next fall.

The eventual final plant is expected to have from 20 to 25 rooms.

Working drawings of the initial plant are being studied by the State Division of Architecture in Sacramento. Approval by the state is a prerequisite to calling for bids.

Plan New Paving, 'Windbreak' for Glorietta School

Additional paving and construction of a "windbreak" at Glorietta School were future projects discussed by the Orinda School Board Monday night.

In order to create more room for buses and parking, the board, meeting at Orinda School, authorized Superintendent Joseph L. Sheaff to obtain a figure on the cost of additional paving at the front of Glorietta School.

The trustees also asked Sheaff to get Architect Jack Buchter to draw up plans for a "windbreak" in the main corridor at Glorietta. The windbreak would probably be in the form of a door which would block some of the drafts which have been blowing through the outdoor corridor.

Other business at the board meeting included:

1.—Notification that the Orinda District can withdraw from the county library system, effective July 1. This means that the district can buy and process its own books, saving considerable money now paid to the county for administration.

2.—Adoption of a policy that pupils attending a morning session of a double session class will be in the afternoon session the next year if there is a double session in their next class, and that afternoon students will change the next year to the morning shift, under similar circumstances.

3.—Hiring of two new teachers for the rest of the school year—Bernice Thompson for Glorietta kindergarten, to replace Elizabeth Haviside, and Mrs. Carla-Sue Osgood for Orinda first grade, to replace Mrs. Marjorie Kerrigan. Miss Haviside and Mrs. Kerrigan have been granted leaves of absence.

4. Granting permission to use the Orinda School auditorium to the Sleepy Hollow Improvement Association for March 3, St. Stephen's Women's Auxiliary for May 23 and the Orinda Dramateurs for March 27, 28 and 29 and April 5.

Spring Hints It's on Way . . .

Warm days, a little rain, lots of fog reminded Orindans this week that spring is a-coming.

Through the week of January 31 through February 6, the warmest day was on the 31st, with 66 degrees recorded. Coldest day was on Wednesday, with a low of 34 degrees.

Rainfall for the week amounted to 1.39 inches, bringing the seasonal total (since July 1) up to 33.6 inches.

Moraga Del Rey Dads March, Get $105 Polio Fund

There wasn't a Mothers' March on Polio in Orinda to climax the March of Dimes campaign, but in Moraga Del Rey there was a Fathers' March.

Undaunted by steep hills which have been the reason for lack of a Mothers' March in Orinda, nine Moraga Del Rey dads swung into action the evening of January 31, visited some 104 homes—and, in one hour, collected over $105 for the polio fund.

Proudly, they sent the money to Joseph L. Sheaff, Orinda March of Dimes chairman. And one of the proudest in the spontaneous collection drive was Ernest Rahmeyer, president of the Moraga Del Rey Community Association.

Commented Sheaff: "They sure did a fine job. Looks like we'll have to have a Fathers' March on Polio next year. The hills don't faze the men."

Rough-Tough Race: Long vs. Condon

By Politicus

Contra Costa County hasn't had a really rough-tough political race in recent years. But it looks like 1952 will offer one of the roughest fights in the entire history of the county.

Here's why:

Sheriff James N. Long has at this time decided to run for Congress on the Republican ticket. He will, of course, cross-file on the Democratic side.)

Opposing him will be Robert Condon, who has represented the county in the State Assembly the past four years.

Walnut Creek's young Condon vs. Richmond's seasoned Long will be a campaign worth watching. Condon wants the congressional job. He's smart and aggressive and has been in politics long enough to know his way around.

Condon knows that Long is a vote-getter and will have thousands upon thousands of dollars behind him. He also knows the one spot where Long is very, very weak: his record as sheriff.

As you know, Long was raked over the coals by the Kefauver committee. He was called to testify at a second hearing of the Senate Crime Committee but the internal revenue scandal took all of the committee's time. And it is now a matter of court record that gambling has flourished in the county—while Long was sheriff.

Now, Condon is no namby-pamby. And, I repeat, he wants the job. In due time, he'll probably tear into Long and his record. Lawyer Condon may even have something new to make public about Long's record.

And don't think that Long will sit by twiddling his thumbs.

He'll probably jump all over Condon with charges of "pinko" and "left-winger." Condon has a very liberal record—to say the least. He is very close to the union picture and represents unions in legal actions.

WHO WILL WIN?

That is the question. Condon has had no difficulty winning his Assembly post. He has a tremendous labor following, but has been weaker with the independent voter—and very, very weak in the Republican strongholds.

On the other hand, Long, a long-time member of the plasterers' union, is strong in the A. F. of L., particularly the building trades. (In the Martinez oil refinery strike several years ago, Long was very careful not to use his deputies to keep law and order. This won him additional labor support.)

In addition to a pocketful of endorsements from A. F. of L. unions, Long will get a heavy Richmond vote. He is well-known throughout the county, as well as Solano County, which was once his home. (The Congressional District takes in Contra Costa and Solano Counties.)

BUT Long is weak in the Republican areas of the county—namely, Central Contra Costa. Lafayette and Orinda were the only communities of any size to vote against Long in the last sheriff's race.

Many Republicans are unhappy about Long. No. 1 national G.O.P. campaign issue is going to be corruption in government. And Long's law enforcement is nothing to be proud of. On the other hand, they have no better vote-getter to suggest.

The old-line Republican bosses of the county have been pals with Long for years. Observers say that Tom Carlson, the fellow who pulls many strings in Contra Costa, and Tony DeLap, former state senator and currently state G.O.P. chairman, will go along with the sheriff.

Meanwhile, observers are asking, "Will Long resign his job (which pays much, much better than Congress) in the immediate future?

Jack Cummings is up for election this June, you know.

Well, anyway, it all adds up to a gay time in the county between now and November.

And remember—you can't even play—unless you are registered and can vote.

Dr. Lyon Will Lead Discussion Sunday Morning

The sixth of a series of adult discussions led by Dr. Harvey B. Lyon Jr. dealing with personal religious relief from tensions and fears will be held following the 9:30 chapel service at Orinda Community Church Sunday.

Mrs. R. M. Gilwee heads a continuation committee to plan further programs. Parents of Sunday school children are being especially served.

At 11 o'clock the regular morning worship service has been augmented by a second session for all grades through the sixth, to enable parents to attend church.

Rev. Fred R. Morrow, the minister, has announced for his sermon theme "Christianity and Culture."

An evening affair for members and parents of the Pilgrim Fellowship is planned for Sunday at 7 p.m., when officers of the youth group will be installed by Rev. Donald F. Gaylord of Martinez.

Sun Is Cited for Quarry Coverage

Dear Editor:

As the duly selected spokesman for the Orinda Association, the Civic Affairs Committee and other local improvement clubs of Orinda, I wish to thank you for the very fine support you gave this community in the case of the Jerry G. Farrer quarry permit application.

Your running accounts each week of the quarry application developments kept this matter continually before the residents of Orinda, and, in my opinion, were materially responsible for the large attendance by Orinda residents and property owners at each of the hearings held before the Board of Supervisors.

This case, I believe, is a good example of what might have happened if the people had not protested to the board in the form of letters and by their attendance at each of the two hearings that were held. To protest intelligently it is necessary to know the facts of the case, and your paper ably presented such facts to the people of the community.

If you see fit to print this letter, may I also take this opportunity to sincerely thank all of the Orinda residents who wrote letters of protest to the board, who attended each hearing and who spoke before the board against the quarry permit. Their support was most vital in the disposition of this case.

Yours very truly.

H. S. Mothers Hear 2 Speakers

Orinda High School Mothers Club met Monday at the home of Mrs. B. E. Monroe at 12 Southwood Court, with a large attendance.

Mrs. Andy Polgor, an Orindan formerly of Hungary, made the mothers feel special appreciation for their homes after hearing of her experiences in Hungary, Switzerland, Yugoslavia and France and of her two-and-a-half years in a displaced persons' camp.

Lilly Lahti, dean of girls at Acalanes High School, explained that the new six periods at Acalanes were advantageous because formerly the seven periods caused a packed seventh hour study hall. The new six periods are each 20 minutes longer so that students can have additional study during class time, eliminating much home work.

Mrs. C. L. Ward was tea chairman, assisted by Mrs. A. W. Reid and Mrs. L. R. Kiernan. Mrs. George Vurek arranged for the program.

Colorful Nuptial Rites in Honolulu Unite Norine Bargones, Roy May Jr.

A large assembly of relatives and friends witnessed the vow exchange of Norine Ellen Bargones, eldest daughter of Mr. and Mrs. Everett L. Bargones of 208 Camino Sobrante, and Roy A. May Jr. in Honolulu on January 19.

The First Methodist Church in that city was lighted by tall white tapers, and pews along the carpeted aisle were marked with white carnations and greenery. The Rev. Earl Kernahan presided at the 4 o'clock nuptials. Traditional wedding music and the Hawaiian wedding song, "Ke Kali Nei Au," were played during the ceremony.

Betty Jo Lawson of San Francisco led the procession, wearing a ballerina gown with bouffant skirt of white nylon tulle over taffeta, silver brocade bodice and filmy stole of silver and white. Patricia Ann Berkeley, also of San Francisco, in the honor role, wore an identical gown in Waikiki blue, and both attendants wore bandeaux of tropical Bird of Paradise. The same waxy orange blooms were combined with tulle puffs to form unusual hand bouquets to compliment their gowns.

GIVEN IN MARRIAGE by her father, the bride was stunning in a dainty hoop-skirted gown originally designed for her from imported silver and white French lace with bouffant skirt and diminutive waistline. The fitted bodice was topped with a short jacket detailed with standup collar and long tapering sleeves fastened at the wrists with self-covered buttons.

Handsewn pearls adorned the chiffon bridal bonnet, from which cascaded double tiered English illusion in a chapel length veil. A shower bouquet of dainty white orchids centered with large white cattleyas was a regal touch to the exquisite gown.

James Inman performed best man duties, and ushers included the Messrs. Warren Dropman, Robert DeYoung, Clarence Hoberg, LeVain Beau and Sonny Sundstrom.

FOR HER DAUGHTER'S wedding, Mrs. Bargones chose an afternoon gown of Navy blue marquisette with pink accessories, and wore a corsage of rare pink orchids.

A reception followed at the Inman home in Kahala. Refreshment tables were set up under a large marquee in the tropical garden, and guests danced on the patio to the strains of Hawaiian music.

For her going-away outfit, Mrs. May selected a turquoise blue tailleur and white accessories and pinned a corsage of white orchids to her shoulder. The young couple honeymooned at resorts on the Islands of Hawaii and Kauai before returning to their newly-completed home in Kaneohe.

MAY IS THE SON of Mrs. Marie Hughes of Albuquerque, N. M., and Roy A. May Sr. of Tulare, Calif. He has his own business in Honolulu, where he met his bride soon after her arrival there in 1949.

Leonard J. Bargones of Alameda traveled to the Islands for his niece's wedding and returned with her parents by plane last week. They were met at the airport by Mrs. Leonard Bargones and the bride's sisters, Carol, Gail and Linda.

7th Grade Wins, 8th Grade Loses Martinez Games

Splitting a doubleheader January 24 in the Martinez Junior High gym, the Orinda seventh grade basketball team won an 18 to 15 victory over Martinez. The eighth graders lost, 43 to 30.

It was neck and neck until the closing minutes of play when a fast basket and a free throw by Bud Fickmeyer of Orinda gave the seventh grade their victory. Fickmeyer hit seven to lead.

It was too much Bobby Sharrock of Martinez for Orinda eighth graders. He scored 12 points, followed by Cam Wooldridge with 10, while Orinda's Bobby Sheaff also garnered 10. It was a close game for the first three quarters but, opening the final frame with a flurry of baskets, Martinez coasted to a win.

About our happy Country Folks

By EDITH BOLMAN

ANOTHER T. V. ARTIST in our midst! It's getting so that the whole bloomin' area is so talented that we mere mortals with no particular accomplishment are in the minority and should go off and hide some place.

Now, for instance, J. W. Rupley, professor of political science at Stanford and the University of California, recently represented the Federal Bureau of the Budget on a panel discussion with representatives from the Labor Group, Business Group, and a housewife on a favorite subject, "The Federal Budget."

We are consumed with curiosity to know more about the housewife's contribution to the discussion because, after all, who could possibly have more first hand information on that subject than she?

MRS. WILLIAM J. BOIES entertained recently for dinner at the Orinda Country Club. The event was a double-header being for the purpose of celebrating Mr. Boies's birthday and the arrival in the area of Mr. and Mrs. Frank Dees who have moved here from New York.

A personal note to those newcomers: "Be not discouraged — the precipitation does not ordinarily precipitate so precipitously — spring can't be too far away."

Interesting note on the Bois trip east a while back. After assembling themselves for their hegira to the farlands of the East Coast and Canada, who should they sit right smack next to on the plane but neighbor Milton Selby.

Another note — this one for the feminine angle — Mrs. Boies was so captivated with the weaving and hooked rugs she saw in Canada that she took a flyer at one herself. "Curiously enough,' says Mrs. Boies, "the Canadian ones were perfectly beautiful on the wrong side too — mine wasn't."

MRS. JAMES NORTH and son Nipper had an enjoyable time at Carmel while we at home were being drenched, flooded and washed out. They got sunburned — must have been from the sun — how else? — they rode bicycles and had a general all around warm, dry time of it while husband and father, James, was in the East.

What fun, another Mexican trip to write about! The Ritchie Smiths are just home from a combination business and pleasure trip which took them into some out-of-the-way places and into some far-from-usual circumstances.

First they flew to Miami and then to Nassau where they stayed at the charming old Royal Victoria Hotel. Then back to Miami (we might have our sequences slightly wrong here but the sum and substance of the operations are correct), then they drove to Palm Beach to attend a National Furniture and Warehouseman's meeting presided over by President Harvey Lyon, also from far away Contra Costa County.

At this juncture they began reading the enormous headlines in the Florida papers about the horrible California floods and got so panicky that they phoned home twice to make sure everything was all right.

Then to Fort Lauderdale, where "everyone has a boat in the back yard and a car in the front yard." From what several people have told us this must be a captivating spot with canals for streets and streets for the timorous souls who feel they just can't make it in a boat.

Then they took the funny little old boat to Havana which was obliging enough to wait for them as they barely clambed on as it was pulling out.

Sans Souci, the gambling spot near Havana proved to be one of the "Situations." Betty was watching the chemin-de-fer with wide-eyed amazement as vast sums of money were being whooshed back and forth with speed and dexterity when a Cuban player offered to stake her if she would place his bets for him — i. e. — he needed a change in luck. Betty wasn't tempted but think what a good story we could have made out of it if she had been!

ANOTHER SITUATION. Imprudently trusting human nature, Cuban style, Betty left her bathing suit and shoes in the hotel lobby and they were filched.

The result of that was that she had to rig up a costume for swimming out of sundry pieces of apparel whch were not necessarily created with swimming in mind. She prudently confined her swimming to dark nights but think what a good story we could have made out of that if she hadn't!

At Nassau they watched the fascinating Jai Alai and the equally fascinating horse races. The "mongrel quarter-breed" plugs were ridden by 12-year-old natives who came into the home stretch sitting wrong end to on the horse to facillitate whipping same and also to better see who was coming up from behind.

Then to Yucatan Peninsula, where they explored the ruins of Chichen-Itza which we have always pronounced sort of like Itty-Bitty Chickie but then; of course, we are not Mexican. The tremendous temples and pyramids were built from lime stone blocks at approximately 300 A. D.

Then to Toluca, famous for basket weaving; Cuernevaca and the Diego Rivera Murals in Cortez' palace, Taxco the city of cobblestones and silver jewelry; Mexico City and the Xochimilco Floating Gardens (we have no intention of telling you how we have always pronounced that one—suffice it to say that when we heard it said "Sochomilo," we didn't have the foggiest idea what they were talking about). Other little items about Mexico City: Filet Mignons are $1.75 and the Bull Fights are not quite up to Hollywood yet.

Back to Havana and a painless visit through the Trocadero Rum Factory. They were sat down at a table and gazed in anticipatory fascination at 15 types of rums and cordials they were to sample. The upshot of the whole performance was that they purchased some Banana Cordial, something new and tasty which has not yet been released in the U.S.A. — and some 60 year old rum which came in right handy for teeth brushing — explanation —

Absent-mindedly brushing her teeth one morning at 7:30, Betty was suddenly horrified to realize that she was using tap water, which you just don't do in Mexico. So as a therepeutic measure she quickly took a mouthfull of rum to slurp around and kill any germs which might be on hand. Being aware of the choice bouquet and rare value of 60 year old rum, she couldn't bring herself to part with it so decided to swallow the gulp — germs and all!

Subsequent note: Betty came down with the Mexican tummy-ache after all, so maybe she should have had two gulps, but, unfortunately at 7:30 in the morning that idea did not occur to her

MRS. I. B. JOHNSTON has just let us in on the following information:

"Country folk and city resident alike have circled February 14 on their calendars for the Fashion Show and Luncheon to be held at the Diablo Country Club out Danville way. Sponsored by the Jack and Jill Parents Association, the affair will benefit their cooperative nursery school.

"City styles and country styles from their new spring collection will be provided by the Joseph Magnin new Walnut Creek store, and advance reports have it that the clothes will bring sunshine to the event in spite of any assistance from Pluvius.

"Mrs. Bruce Anderson of Orinda has been working with the models and will act as commentator. The models will be the Mesdames Morris Collen, Richard Sandner, Robert Bruen, Leon Rahn, F. W. Steckmest, Dike Mac Kay, Ben Dykes, James McGechon Jr., Edmond Boero, Jack Thurman, and Charles Hart. All are mothers of Jack and Jill children.

"Mrs. Harold Ashton is general chairman of the style event, assisted by the Mesdames Morton Webster, Grant Ewald, Robert Bruen, Bruce Johnston, Otto Sampson, Harold Robinson, Ed Abbey and Howard Payne.

"Table reservations may be made with Mrs. Harold Ashton at Walnut Creek 5443."

THE FOLLOWING MUSIC-MINDED country folk were happy last Monday eve hearing the excellent St. Olaf's Choir:

Gentry, Jerry Chantler, Clay Sorrick, E. F. Hockenbeamer, Frank Dunn, Lonnie Bee, R. M. Iversen, Leon Woolsey, Lindsey Spight, Win Bowron, Harold Symes, Daniel Popovich (and members of the Orinda Community Church Choir).

Messrs and Mesdames Ray Tolles, E. C. Scofield, John Manners, Ford Tussing, Robert Bridges, Thomas Tryon, Abbot Roberts, Fred Saxton, Don L. Kesselring and Art Dull; Howard M. Harrisville (and members of Our Savior's Lutheran Church Choir), Dr. and Mrs. Fred Dietz, Rev. and Mrs. Luther H. Beven, Rev. and Mrs. Fred Morrow, George Trimble and Mesdames Dorothy Wold, Dorothy Lamb, Ruth Smith and Alice Thaler.

DID YOU KNOW THAT the Children's Hospital is a non-profit membership corporation governed by a board of 25 directors representing a cross-section of the community.

Officers and members do not receive salaries, special benefits or any part of the corporation's earnings.

That is all.

Chit and Chat about Don and Donna

By MARY THIES

GREETINGS, fellow fish! As I swam to school recently I came to the startling conclusion that Acalanes students get pretty wet—but who doesn't!

Talk is still heard about Acalanes "Sea of Enchantment." No, not the rain! This time it's the Junior Prom. Held last Friday night, this was the biggest dance of the semester.

Maurice Anger's orchestra provided music, and decorations were of the oceanic type. Although I was unable to get a lot of dates, here are a few—Francis Lageson and Joie Pearson, Pat Cavallero and Bob Wallis, Bobbie Lewis and Sven Groennings, Carol Jean Earle and Chuck Gompertz, Jayne Kirk and Wayne Brannan, Pat Miles and Bill Smith, Janet Klopf and Jim Keefe, Mary Maddox and Tom Hall, Art Siler and Carol Van Cleave, Nancy Neilson and a guy from Piedmont, and Don Ong and Donalee Fey. Look next week for some of the parties held before and after.

Robin Muse, Acalanes sophomore, is rapidly recovering from an attack of polio. Robin has been out of school since early in the year but has managed to keep up with his school work and earn seven merit badges as a scout. Hats off to a swell guy—don't forget—it might have been you! Support the March of Dimes!

HEY—I CAN'T afford 30 cents. This cry is heard every day in the cafeteria! I guess you'd better go hungry—things are tough all over!

Farewells are being said by graduating Senior girls. A few of the Donnas to graduate midterm are Jackie Kennerly, Francis Kiernan, Barbara Jean Lewis, Shirley Williams, Eleanor Domingos and Elaine Ranker.

BACK TO THE Junior Prom. Many parties were held before and after, including a slumber party given by Margie Welch. Other girls attending included Sandy Humble, Nancy Neilson, Pat Miles, Diane Christiansen, Kay Mickle, Catherine Monroe, Judy Johnson, Carolyn Goforth, Sharon Eggerts, Naomi Petengill and Nancy Edmunson.

Acalanes is going radio mad. A T.V. program is being planned by the counseling department to demonstrate how the student guidance program works.

Another radio program will be presented over KECC, with Dave Grieve as editor, script writer and director.

Not to be outdone by anyone—a hit parade over KECC with the records voted on by the students.

Col., Mrs. Christian New Residents Here

Colonel and Mrs. Robert L. Christian are new residents of 11 Valley View Road.

Colonel Christian is retired from service with the regular U. S. Infantry and has a son, Kyrle Christian, who is doing study for his master's degree at U.C.L.A.

Mrs. Christian has a son, Captain Keith Aldrich in the 28th Division, stationed in Germany.

11 Girls Form Junior Women for Weimar

Women for Weimar held a tea last Saturday at the home of Mrs. George Vurek of 24 Vallecito Lane, Orinda, welcoming 11 high school girls into the group.

The students have been working for more than two months with the women wrapping Christmas gifts and making Valentine presents to be delivered to the sanatorium before Valentine's Day.

The girls have adopted the name of Junior Women for Weimar. Their first presiding officers is Rae Littlejohn of Orinda; second presiding officer, Marilyn Jeffres of Lafayette; secretary, Mary Busby of Lafayette; treasurer, Susie Weist of Walnut Creek, and social secretary, Bonnie Jeffreys of Lafayette.

Other members of the group are Mary Johns, Pat Moriarty and Nancy Nielson of Orinda and Diana Johnson, Pat Firestone and Diana Christenson of Lafayette.

At their weekly meetings the girls will be working and planning ways and means of raising money to increase the comforts and pleasures of the children in the sanatorium whose ages range three months to 21 years of age

The Junior Women for Weimars first affair will be a Leap Year dance February 29.

Everyone's Need For God Told By Mrs. Walters

A brave group braved Orinda's winter weather recently to hear Mrs. Sumner Walters talk on the importance of women in the Episcopal Church, and the need of each for God.

Mrs. Walters stressed that regardless of race, position or economic standing, each individual has a basic urge toward all that spirit stands for. She emphasized the satisfaction to be gained from the Christion way of looking for God in each person one encounters and the resulting smoothness of personal associations.

The Women's Auxiliary of St. Stephen's Church has announced that the February meeting to be held on the 28th is to be an evening one.

Evening meetings have proved most successful in the past.

The governor has also named committee members from Bay Area counties, who are charged with making an all-important study of transit systems for the entire metropolitan Bay Area.

Chairman H. L. "Jack" Cummings is the committee representative for the Contra Costa Board of Supervisors.

This will be Santa Maria's first Mission, and it is the hope of parishioners it will be an annual event. The first week will be devoted to the women of the parish, the second to the men.

Father Flynn will speak at all Sunday Masses, which will be at 7, 8, 9, 10:30 and 12:15. Week-day Mass will be at 6:30 and 8 a.m., evening devotions at 8.

Parishioners are urged to invite their non-Catholic friends who might be interested.

No 'Stalemate' For Robin Muse!

Robin Muse, Orinda's only polio victim at present, is stronger and has gained 14 pounds since he left the polio ward in Children's Hospital, San Francisco, but has seven pounds more to gain to be up his weight before he was stricken.

He is still engaged in his studies, handcrafts and music and seeing his many vistiors. His latest achievement is joining the new dance band composed of members of Scout Troop 200, his father taking him to rehearsals.

Robin is looking forward to playing with the boys at the Meridian District Merit Badge Show at Acalanes tomorrow night, and probably again with the band at the Orinda Boy Scout Show in March.

The band is being trained by Jasper Allara.

Santa Maria Sale Plans Roll Along . . .

Looks like women enjoy merchandising more than men realize—not just the buying end, but the selling as well. Rummage sales women's groups are always putting on and doing quite nicely, thank you. It's a lot of work and a lot of fun, too, as anyone knows who has ever worked on a project of this kind.

Volunteers always seem to come forth in greater number to work with rummage, and the Santa Maria women are no exception as they busy themselves these days with sorting, pricing and packing articles for their February 14 and 15 sale.

Maybe they enjoy the change from routine housework — or maybe that first guess was right — women like merchandising, selling as well as buying.

Transportation arrangements for contributions are being handled by Mrs. Donald Dullum, Orinda 2552.

Bulldogs Bitten Twice by Acalanes Basketball Fives

Acalanes' basketball fives finally got to play games Tuesday afternoon at Martinez, and scored two wins over the Alhambra Bulldogs.

The Bees made it 37-35, while the Varsity kept out in front most of the way to end up in the winner's circle, 52-43.

BOTH WINS WERE important ones. The Varsity was kept within striking distance of league-leading Albany, and the Bees reached undisputed first place as the Diablo Devils dropped one to Albany.

In the Bee tilt, Alhambra jumped to a 9-5 frist quarter lead, only to have the Dons spurt ahead to ar 18-15 margin at the halfway mark.

THE TEAMS BATTLED on ever terms for most of the third quarter. Alhambra threatened to close the gap midway in the fourth quarter, when quick buckets by Rec Jones, Richie Mason and Mike White put the game on ice as time ran out before a battling Martinez five could overcome the lead.

The best they could do was close it to a two-point margin, 37-35, as the buzzer sounded.

Mike White with 10 and Rec Jones with eight were high scorers for the Dons, while Tony Russo tallied 13 for Alhambra.

IN THE VARSITY show, the Dons led the first quarter, 13-10 only to have the Alhambra five put on a scoring splurge in the closing minutes of the half to grab a temporary lead.

It was 21-all, with 45 seconds to go, when Alhambra's guard Lauderbach hit on a brilliant left hand shot. Seconds later, on a fast break, the Dons' ace forward, Bob Kleckner, took a long pass from Bob Borghesani and tanked it on a well-executed jump shot from the edge of the foul circle.

ALHAMBRA CAME back fast, however, when, with 10 seconds to go, Guard Billy Zenk let go just outside the key to give Alhambra a 25-23 half-time lead.

Alhambra stayed out in front early in the third quarter, only to have the Dons go ahead on shots by Borghesani, Kleckner and Siler, to take a 36-31 lead at the three-quarter mark.

BOB DIEHL HIT a 25-footer to extend the lead at the start of the fourth period, and the only thing that kept Alhambra in the game was some one-man playing by Alhambra's Lauderbach, who had his eye on the hoop, ending up with 19 points for the afternoon play, only to be topped by Bob Borghesani who posted 20.

The Dons won going away, with Kleckner making it 52-43 as he hit on a free throw to end the scoring.

Will Pirates Be 'Fly in Ointment' Today?

The Acalanes basketball teams are facing crucial games each week, as the Varsity seeks to overcome the one-game lead of Albany and the Bees seek to protect their one-margin lead over the rest of the pack.

The Don fives were not too impressive in winning over the Alhambra Bulldogs Tuesday, but part of that can be attributed to the fact that their last regular game had been on January 18 aganist John Swett.

A game with Contra Costa J.C. set for January 22, was cancelled out, and a February 1 contest with Antioch was postponed.

THIS AFTERNOON the Dons tackle a rough and ready Pittsburg contingent who could well be the fly in the ointment as far as Don pennant hopes are concerned.

Both teams are fast and play a race-horse type of ball. The Don Varsity took a one-point win in its first meeting with the Pittsburg Pirates this season.

Pittsburg's Varsity finds a number of well-known names, such as Briggs, Joyner, Dawson and Killingsworth.

Pittsburg is the only team to defeat Albany, and is tied with the Dons for the No. 2 spot.

The games are to be played on the Acalanes court, with the Bees getting under way at 3:30.

NEXT FRIDAY, February 15, the Dons tackle the league-leading Albany Cougars on the Cougars' home court, and it could well be the game of the season.

If the Don Varsity beats Pittsburg, a win over Albany would give them a tie for first.

The Cougar Bees beat Diablo High in their last outing, which gave the Dons sole possession of first place, as they had been in a tie up to that point as a result of Diablo having tripped the Dons earlier in the season.

THE DANGER LIES in that the Albany five will be out to do the same thing to the Dons that they did to the Devils.

Both Albany games will be of the after-dark variety, with the Bees starting at 7:30 on the Albany court.

Unbiased Official Is the Answer To the Problem of Basketball Timing

By ERWIN MATTSON

I COULD BE WRONG but my quess is that the time is not too far off when a third official will be added to the basketball game in the form of a timer.

High school timing in particular, is one of the most uncertain things of the game, with each having his own interpretation as to when to start and stop the clock.

It is always a bone of contention whenever a game is close, and many times causes feelings on both sides. There have been occasions when the timer was the sixth man in the game. Human nature makes one consciously or unconsciously favors one's own five.

With seconds to go and a point behind, it is difficult to stop the clock quite as fast as when the tables are reversed and one's team is ahead.

THE POINT IS that a biased party is on the spot when running the time.

The clock is in full view of everyone and causes no end of comment when critical situations arise, where time is an all-important factor.

SPEAKING OF TIME, one thing that few realize is that game time is actually considerably longer under the new rules.

Time is out now on all jump balls, and that makes a great deal of difference, adding from 15 to 25 per cent more playing time to the game.

Substitutions can be made now only when the clock is stopped.

Time-outs, during foul shots or jump balls, provide the time out periods when substitutions may be made.

On out-of-bounds balls, time is not actually in until the ball is touched by a player on the court.

SPRING HAS BEEN in the air◆golf, with 15 candidates, while anthe past few days, and one indication is the rush for signups for spring sports.

Coach Charles Eaton will have approximately 80 thinclads ready come early March.

Yours truly has better than 65 candidates signed for baseball, while Coach Arth has around 50 ready to try out for swimming berths.

Wilbur Twining takes over in other newcomer in the coaching ranks is Tennis Coach McInerny, who has 15 trying for spots on the Varsity.

Things will really be in full swing in two weeks as afternoon workouts take over.

Antioch Contest Postponed to 26th

The Acalanes Dons were forced to stand by over the weekend when their scheduled game with Antioch High was postponed at the last moment, due to illness of several members of the Antioch squad.

Antioch phoned and said that they couldn't field a representative team and if necessary would forfeit the game.

Principal Stanley Walgren of Acalanes consulted Coach Lee Arth, who put it up to the Don squad.

The end result was a vote to play the game at a later date, and after due consultation with Antioch the new date was set for February 26.

Dogs, Too, Enjoy Obedience Classes; Another Series Already Being Planned

By LYN McKEE

THURSDAY NIGHT dog obedience classes at the Walnut Festival Recreation Center in Walnut Creek are going full tilt. There is a full class of 30, with a waiting list of 30 more, to date.

The Recreation Council and the Mt. Diablo Club, co-sponsors, hope to be able to start right in with another session of eight classes as soon as the present series is over. Milo Hanson is the professional trainer in charge.

At the first class, on January 24, Al Wahl, an obedience judge, gave a short talk preceding the actual training. The class wound up with a fine demonstration of Novice work by Anne Clark and her collie, Melodie.

At the second meeting of the class, it was amazing to see the progress that the dog owners had made with their pets.

George Neill of St. Mary's Road, with his American Shepherd, is a fine example. That dog was heeling and sitting, and loving every minute of it. And George looked as proud as a youngster who had just mastered the art of riding a two-wheeler.

THE HANSONS had a field day at the San Francisco Golden Gate Show on January 26, 27.

Ch. Night Editor of Valgo, Bedlington, took Best of Breed. His sister, Twilight of Valgo, went Best of Opposite Sex and Best of Winners. And Ultramend's Valgo Crocker, a Brittainy Spaniel was judged Best of Breed.

Marjorie Hanson also handled two collie puppies, Charles Stewart Palmer and Lady Blondene, owned by Dorothy Bryan of Lafayette, and came off with a first and a second in puppy classes.

Park Council Plots County Cost Survey

Cost estimates on a county-wide park survey are being made by William Penn Mott, Orinda resident and superintendent of Oakland city parks, it was announced this week by Chairman Alvin A. Burton of the Contra Costa Park Council.

Meanwhile, two special committees have been set up by the Council in an effort to determine future plans for parks throughout Contra Costa County. These include a Contact Committee with Mrs. Beatrice Markham and Ralph Harris of Concord as leaders, and a Legal Committee consisting of Attorney Carl Noecker of Walnut Creek; George Cardinet and Ralph Harris of Concord, and Ralph Miller of Lafayette.

Committee reports are expected next Thursday night when Council members meet at the Martinez City Hall where Norman Abramovice, of the Martinez Recreation Commission, will be in charge.

HELPFUL HINTS

FROM MILTIE

The large wooden spoon is useful in other ways than in mixing and serving salads. Try it as a pot or dish scraper, especially when the food is really stuck tight to the utensil. The older and spongier the spoon gets, the better scraper it is.

Ideas like this are fine except that this one brings back very unpleasant memories. I'll bet at one time or other every child has done a certain amount of teething on a wooden spoon. I know ours did, usually with good results, but one of them, I've forgotten which, bit off a little too much and got a splinter in the left tonsil. I won't say the doctor bill was too much, but we threw away the spoon and couldn't afford another one for years.

The books are loaners and may be taken out for further study. So when you reach the planning stage, drop in and talk it over with us and we will be glad to help you.

Are you going to be a slave to a hoe this summer? Are you going to let the weeds in your garden rob you of the pleasures of leisurely country living? Or are you going to buy a Model T Roto-Ette, beat the weed and cultivation problem. The Model T Roto-Ette is the finest rototiller of its type on the market today. Big enough to do the work but small enough to fit every home owners purse. Before you buy any garden tractor this spring, arrange for Diamond K to give a demonstration of the Roto-Ette at your home where you will be convinced that it will do the job under your conditions.

Diamond K has just received a number of Ortho Dial-A-Pest cards which is the quick convenient way of diagnosing all of your pest problems. Realtor King Parker's 'Hat in Ring' As Republican Candidate for Assembly

King Parker, 35-year-old Walnut Creek realtor, this week became the first candidate to announce his intention of seeking the Republican nomination to the State Assembly from Contra Costa County's 10th District — a seat being vacated by Assemblyman Robert Condon, Democrat.

Assemblyman Condon has indicated he plans to seek the new Congressional seat divided between Contra Costa and Solano counties. However, Condon has made no official announcement.

The new 10th Assembly District includes a portion of the Kensington Park area and all of the county east of Orinda and Crockett.

PARKER ESTABLISHED his real estate business in Walnut Creek last year and became a member of the Contra Costa Real Estate Board. He is married and has two sons. The Parker family resides in Lakewood, a residential area adjoining Walnut Creek on the east.

The young Republican Assembly candidate was born in San Francisco in 1917 and was educated in San Francisco schools. He attended the University of California one

year and then in 1938 joined the U. S. Air Force to be commissioned a Second Lieutenant.

In 1941 he went overseas to serve the Royal Air Force and was a Transport Command pilot until released from duty in June 1945.

HE HAS BEEN ACTIVE since as an estimator, construction superintendent, property manager, in addition to real estate. Long active in Junior Chamber of Commerce work, Parker now serves as a national director of the United States Junior Chamber and has served as chairman of local, state and national Aviation committees.

It was while active in Junior Chamber work that he became interested in public affairs.

"I believe young active men with new progressive ideas can be a big factor in the elimination of inefficiency in government," he said. "Our activity can bring about a rise in the overall integrity of our elected officials which is so desperately needed at present."

He has been active in Boy Scout work since before World War II and is now Cubmaster of Cub Scout Pack 43 in Walnut Creek. He has resided here 2½ years.

Big Scout Show Tomorrow Night At Acalanes Gyms

Tomorrow night's the big night for scouting in this area. The Meridian District's Third Annual Scouting and Cubbing Exhibition and Merit Badge Show will be held at both gymnasiums at Acalanes High School, from 7:30 to 10.

The exposition will highlight Boy Scout Week, February 6 to 12, which celebrates the 42nd anniversary of the Boy Scouts of America.

From throughout the Walnut Creek - Lafayette - Orinda area, scout troops, cub packs and explorer posts will display the skills they have learned. Merit badge booths will be a feature of the presentation.

With the theme of "Forward on Liberty's Team," the Boy Scout movement is launching a new three-year program. Tomorrow night's giant show will be a symbol of that program.

The show is open to the general public. According to Gordon Hawkins, district scout executive, judging of entries will be by the University of California Chapter of Alpha Phi Omega, national college fraternity of Boy Scout alumni.

Christian Science Topic of 'Spirit'

The subject of the Christian Science Lesson-Sermon for Sunday, February 10, will be "Spirit," with the Golden Text taken from Psalms: "Teach me to do thy will; for thou art my God: thy spirit is good; lead me into the land of uprightness"

Further citations from the Psalms in the body of the sermon will include the following verses:

"Whither shall I go from thy spirit? or whither shall I flee from thy presence? If I ascend up into heaven, thou art there: if I make my bed in hell, behold, thou art there If I take the wings of the morning, and dwell in the uttermost parts of the sea; Even there shall thy hand lead me, and thy right hand shall hold me" (139:2-10).

"CONGRATULATIONS!" say the Acalanes High School midterm graduates to one another as they exchange plans for the future. Left to right, Eleanor Domingos, Barbara Jean Lewis, Elaine Ranker, Shirley Williams and Frances Kiernan hear about Jackie Kennerly's forthcoming marriage. — Acalanes Blueprint photo
